Submittal 07501-03.A Equipment & Maintenance building Structural Standing Seam Roof – by Chief

Additional Submittal Review Comments:

- 1. Attached are Heath's responses.**
- 2. Refer to Heath's letter regarding compliance of manufacture. WCM talked to Heath about these exclusions and Heath is specifically excluding compliance to the items crossed out in the attached Section 07501-2.1 Metal Roof Panels. WCM does not take exception to these items crossed out in Part 2.1.**
- 3. A. WCM acknowledges this requirement.**

John,

The following is in response to the letter of review comments from GMS dated March 21, 2012 pertaining to their review of Submittal No. 07501-003 Metal Roof System submittal:

Item #1) OK

Item #2) This is correct that Metal Sales Manufacturing will not certify compliance with the specification for this project. Metal Sales is just a manufacturer/material supplier and doesn't have a drafting and engineering staff that would be able to offer this service. Heath Steel will guarantee compliance with the project plans and specifications with the exceptions outlined in our Submittal 07501-003. Please let me know if a formal document needs to be submitted or if more information is required.

Item #3) OK

Item #4) Is Colonial Red the selected color for the Gutter/Rake Trim? Downspouts?

Please let me know if you require us to Revise and Resubmit the entire submittal or if you required additional information other than this letter.

Respectfully Submitted,

A handwritten signature in blue ink that reads 'Randy Gates'.
